

OVERVIEW

Designed for large horsepower tractors, the CF05 range is built with durability in mind and proves very popular for its reliability and strength. The large gate push off is built with high grade weldmesh to ensure maximum push, and 'hollow' back for view of the application. All models come with Bracket or Three Point Linkage, Flow and Control Valve, and Four Side Tines. Popular with farmers and contractors alike, the Cherry Push Off Buck Rake range is used worldwide.

FEATURES

- > **Weldmesh Gate**, High grade EXP mesh, providing maximum strength across the buck rake
- > **Flow Valve**, ensures even power distribution, helping to prevent gate twisting with uneven loads
- > **Tine Holder**, 100 x 100 x 8mm with a full width 30mm base wear plate and extra 20mm wear pads
- > **Arms**, 25mm thick profiles with 20mm supports
- > **Pins**, high grade, zinc plated. Pivot pins 38mm dia
- > **Tines**, available with KV type or Hardox base tines. Double KV type side tines as standard.

Part No.	Width	Capacity	Weight
CF0512	12'	5.85m ³	1380kgs
CF0511	11'	5.36m ³	1270kgs
CF0510	10'	4.87m ³	1150kgs
CF0509	9'	4.38m ³	1040kgs
CF0508	8'	3.92m ³	925kgs
